WASHINGTON VARIETIES.—Another crowded house greeted the talented company last evening at this splendid establishment. Hernandes, the king of pantominists, is carrying all hefore him. He is truly a wonder in his line of parts, and keeps the audience in one continued roar of laughter. His guitar solo is another great feature. The pantomine of Dechalameau should be seen by everyone; that alone is worth the price of admission. The Morest Roythers are very elever. Dick Sanda we think the best clog dancer on the stage. SUICIDE OF CAT. ELLWOOD.—On Wednesday moraing, about 9 o'clock, one of the attendants at the Gid Capitol prison went to the room of Capt. Ellwood, where he found him lying on the floor, dead, having two severe cuts on the side of his hirost, which were inflicted with an ordinary pocket-knife held tightly in one of his hands. The corpse was coid and stiff when found; the set having probably taken place some hours before. The fact was at once reported to the War Department, and the same afternoon Colonel Doster, provost marshal, requested that the usual inquest be held. The coroner accordingly summoned a jury the same evening. After hearing the evidence of persons about the prison, a verilet was returned that the deceased came to his death from wounds unliked by his own hand.

Capt. John Ellwood was of the regular army, and has been doing duty as a disbursing ofheer, in consection with the new recruits arriving here. About at weeks ago he was arrested and conflicted in the colding the control of the day of his death. He left a wife and two children.

The captalin went to Thomas, in the name of the United States Government. This horse the captain soid to a man near Georgetown for two horses and \$50. The prisoner was taken before Justice Reave, of Georgetown, and by him committed to just for course the captain to prove his right to sell the same. Probably the case will go hard with the captain.

A CASE OF SKILLFUL SURGERY.—Riding in the street cars yesterday, we were brought alongside a young solider, whose sufferings for country's sake have been intense. His same is Benj. E. Rice, of company H, Eventh Wissonsin volunteers. He was wounded at the battle of Boil Run, on the 28th of August isst, by a Minse ball, which look effect in his left arm, near the shoulder, shattering the boost in the country. The company of the country is the boost in the country is the country the man, and that was, to remove the shattered portion of the bone; an operation, we learn, never before performed in this country. The task was skilfully performed, about two months ago, by Dr. Paige, who removed four inches of the bone from the shoulder-joint down. The patient is now doing well, having the use of his hand, and it is said that in two or three years he will be able to use the enter arm with considerable freedom.

Justice Donn stated that Little came to his office and gave himself up, and seknowledged that he had done the deed, but he had done it in self-defence, and that Leach had been going about with his woman.

The fineral services took place at the Masonic thall, and were conducted by the Rev. Mr. Davis. The body was conveyed to the Congressional flurying Ground for temporary deposit. It is to be removed finally to Alexandria.

"THE COTTAGE BY THE SEA."—A notorious house, with the above poetical appellation, has attracted the attention of the authorities for a long time as a disorderly rendervous. Yesterday Capt. The house is No. 406 Nineteenth street, and owned by Mr. Denam, who offered to give the use of the building to the Government, provided the basi tenants are turned out.
